I am a UX/UI Designer and aspiring Front-End Web Developer, passionate about crafting intuitive, user-friendly websites. Skilled in Figma, Adobe Creative Suite, HTML, CSS, and JavaScript, I combine design thinking with coding to deliver seamless digital experiences.

EDUCATION

Egypt University Of Informatics (EUI)   **2022 – 2026**

Bachelor's Degree in UX/UI Design

- Completed hands-on projects integrating UX research, wireframing, prototyping, and user testing.
- Gained practical skills in Figma, Adobe Creative Suite, and front-end web development (HTML, CSS, JavaScript) through coursework and assignments.

PROFESSIONAL EXPERIENCE

UX/UI Designer At Cairo Contract – Mobilink | Cairo, Egypt   **JAN – FEB 2025**

- Designed the complete user interface and user experience for the company's website in a professional and user-centric approach.
- Collaborated with the developer, assisting with front-end coding to ensure seamless implementation of the design.
- View Website

SKILLS

- **Technical Skills:** Figma, HTML, CSS, JavaScript, Adobe Illustrator, Adobe Photoshop, Adobe Premiere, Adobe Aero.
- **Soft Skills:** Communication, Collaboration, Empathy, Adaptability, Problem-Solving, Attention to Detail, Critical Thinking, Creativity

PROJECTS

Giza Zoo AR Website

- A web-based augmented reality experience recreating the historic Giza Zoo, designed to evoke nostalgia and preserve memories of visitors before its closure. The project combines interactive AR elements with an informative digital platform, bridging the past and present in a user-friendly interface.
- Tools Used: Figma, Adobe Aero, Visual Studio Code (HTML, CSS, JavaScript)

Adventour UI Design

- An intuitive trip-planning application that empowers users to personalize and organize their dream journeys with ease. The platform integrates destination discovery, accommodation booking, and activity exploration into a seamless user experience, designed to inspire and simplify travel planning.
- Tools Used: Figma

Teddy Bear Shop App UI Design

- A delightful e-commerce platform designed to help users discover and adopt their perfect cuddly companion. The app offers a seamless browsing and selection experience, allowing customers to choose from a curated collection of lovingly crafted teddy bears and bring home a timeless friend.
- Tools Used: Figma
